

THE PATRIOT

NEW ENGLAND-STYLE INDIA PALE ALE

PROFILE

Our New England-style IPA features a seductive tropical fruit hop aroma and flavor. Oats and a perfect ale yeast coax out a velvety mouthfeel. The bitterness is restrained for such an aromatic brew, the profile is more about hop flavor than bitterness.

Another feature of this brew is the unique blend of new and experimental hops in the “Veterans Hop Blend.” Created by a group of US Military Vets and Brewers, this hop character is tropical, citrusy, and woody on the backend. A portion of the proceeds of this blend goes to the HunterSeven Foundation for Veterans. A perfect tribute to all Patriots.

TASTING NOTES

A bright yet opaque beer having a dense, rocky head beckons drinkers. The aroma of lemon and some background pine and resin give hints of the flavors to come– lemongrass, lime leaf, and a bit of doughy character.

The mouthfeel of the brew is a bit more full-bodied than a typical IPA, but the flavor and finish will please the most hardcore hop fans. A familiar bit of bitterness hangs in the back of the palate, and melds with the unique addition of lemon.
