

# THE ISLANDER

## INDIA PALE ALE W/ PINEAPPLE

### PROFILE

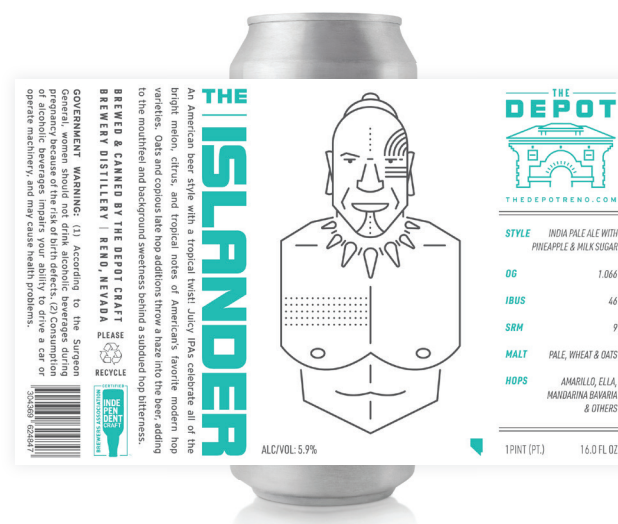

A classic American beer style with a tropical twist! Juicy IPAs celebrate all of the bright melon, citrus, and tropical notes found in modern hop varieties. Blending hops from America and New Zealand, the complexities of flavor are deep and layered. All of this builds the perfect compliment for a deep, sweet Pineapple flavor that's perfect for summer.

A touch of lactose sugar adds to the perception of pineapple flavor, while the slight bitterness of the brew helps to bring balance to each sip. Available all season long, this brew is the soundtrack to our summers.

### TASTING NOTES

The Islander lives up to its name with its perfect pineapple–yellow color and a bit of haze. Moderate hop aroma breaks through an obvious and substantial addition of pineapple. The American hop varieties and bright notes of peach, mango, and lemon along with a slight grassiness.

Despite a noticeable hop aroma, the hop bitterness is subdued. Pineapple, lemon candy, light honey, and vanilla are flavors are found throughout the drinking experience. Hop bitterness lingers for a bit, which is appropriate for the style.
