

HIGH COUNTRY GIN

2022 Silver Medal, The World Spirits Competition

PROFILE

Nevada-grown White Wheat and Yellow Corn are the base of this unique offering from The Depot. A vast departure from the dry gins before it, the High Country Gin has a fuller mouthfeel and underlying sweetness.

The botanical additions are a departure from tradition as well. While juniper berries remain in the forefront and ring familiar with established gin fans, juniper and pine notes share the stage with broad citrus notes. Orange, curacao, ginger and a floral character makes this spirit a year-round favorite.

SUGGESTED COCKTAIL

High Country Stroll

- 2oz High Country Gin
- .75oz Lemon Juice
- .5oz Honey

Shake and strain in a coupe glass; finish with a lemon swath.

PROOF	80
