

RENOVATION RYE WHISKEY

2022 Silver Medal, The World Spirits Competition

PROFILE

The Depot's Renovation Rye Whiskey celebrates both precision and innovation in this mainstay Depot spirit. In the 100-year-old building where our distillery was founded, we're constantly reminded that precision and care are the basis for longevity through decades. At the same time, simple and subtle departures from tradition can make a lasting impression.

This exceptional whiskey begins with Nevada-raised rye and top-quality malted barley. In addition to these typical ingredients we also use a very special, small portion of malted rye that imparts a bittersweet chocolate note to the back end of the whiskey. Combined with cask aging on fresh, American oak, and you have a combination of sound execution and innovative flair.

The resulting spirit is perfect for both sipping neat beside a wood fire or playing with its depth and flavors in cocktail recipes. Make a delicious Old Fashioned with a unique twist or incorporate into coffee cocktails for the perfect coffee-and-chocolate compliment.
